

As a school, we are part of Operation Encompass.

The aim of Operation Encompass is:

In every force

Our aim is to ensure that schools have timely information about all police-attended incidents of domestic abuse, no matter where in the world the child lives.

In every school

Our aim is to enable staff in every school to understand how to support children who are experiencing domestic abuse, no matter where in the world the child lives.

For every child

Our aim is to ensure all child experiencing domestic abuse receive timely support in their school, no matter where in the world the child lives.
